

*Shadow Of A Dream – Yannis “The Loner”*

*May 2012*

*Dreams Made Of Rust*

*Words and Music by Yannis The Loner*

Another day that I play with time  
Another day that passes me by  
In the distance, I cried out your name  
Still can't remember, can't remember your face

Lost in the city where desperate people go (I found out)  
I came to know the meaning of it all  
A wise man told me "Hey boy, you'll find your way...  
Don't be down now...Love will come and stay"  
He said...

Dreams made of rust are dreams that meant to last  
Dreams made of rust are those to last

I remember being down and out  
I remember, I cried out loud  
In the distance I cried out your name  
But I couldn't remember your face...

Dreams made of rust are dreams that mean to last... (Hear me...)

*Run Evrbd (u'd better)*  
Words and Music by Yannis The Loner

Little girl in the shadows what's your plans for tonight?  
Stiletto hills and a red rose, are you for hire?  
Little girl in the rain selling her love  
Gets lost in a thousand dreams of lust...

Can you remember all those faces?  
Can you count all those places?

U'd better run evrbd as far as you can  
U'd better run evrbd 'cause she's there to break your heart

Now she's walking alone in the dead of the night  
Having her innocent deflowering her mind

Living in borrowed time she stalks her life  
A life she will share with a stranger tonight

U'd better run evrbd as far as you can  
U'd better run evrbd 'cause she's there to break your heart

*Fly High*  
Words and Music by Yannis The Loner

I paint the sky in blue and in purple  
I paint the sun shining bright.  
I touch the sea and describe it in circles  
Erase the night, create the light

And I color blind the world but a rainbow  
Make it dance in black and white  
And I picture a world where no evil...  
Erase the darkness, create the light

I paint us wings so we can fly high  
Come join me replace the stars tonight  
You and me girl, no mountain's high  
Trust in me, we're flying high

I dream of a world, a world full of meadows  
Create a dream so we can hide  
Let the rain play like a child with our shadows  
Let the rain be our guide

Forget the past, lets leave the world behind  
Follow me, we're flying high tonight

You and me girl, lets touch the sky  
No mountains high, we're flying high tonight

*Here Comes The Feeling*  
Words and Music by Yannis The Loner

Here comes this feeling, here it comes again  
Lost inside the moment, lost inside my head  
Here it comes though it never left...Embracing the silence  
Here comes this feeling, here it comes again...

Still I'm looking for answers, though I try to pretend  
That the grass ain't greener behind the fence...  
Though time is standing still, it changes my life  
Here comes this feeling, here it comes again...

And I feel like I'm loosing, loosing myself  
Feel like I'm lying, lying still  
Though time makes changes, changing the plot  
of my life, of my soul

And I stand in the rain all alone  
Who I am is what I know  
Though I know nothing, nothing at all  
Who I am is what I've got  
Here comes the feeling...

Here comes this feeling, here it comes again  
Lost inside the moment, lost inside my head  
Though time is standing still, it changes my life  
Here comes this feeling, here it comes again...

And I feel like I'm loosing, loosing myself  
Feel like I'm lying, lying still  
Though time makes changes, changing the plot  
of my life, of my soul

And I stand in the rain all alone  
Who I am is what I know  
Though I know nothing, nothing at all  
Who I am is what I've got

Here comes this feeling, here it comes again  
Ruling my heart, spinning my head  
Playing with my feelings, loosing my friends  
Here comes this feeling, here it comes again...

Here comes the feeling...

*Fade Away*  
Words and Music by Yannis The Loner

All alone and night is falling  
She waits into the dark  
Laughing eyes though tears restrained  
Another day has come to pass

As she seeks another life  
She cries for God and starts to pray  
As time quickly unfolds her future  
She's fading away...

Then she walked in no direction  
No one heard her - no one called  
Lost inside a wrong impression  
Lost inside and still she falls

Trapped inside her own thoughts  
She tries not to cry and break away  
Memories are now lost  
Here past is just fading away...

She's fading away...

And as the night is falling down  
Alone and nowhere to be found  
Tears are falling on the ground  
Fear is grinding all around

She won't believe in what she believes  
She wouldn't live the life that she lives  
She won't forget what is forgotten  
She won't forgive what is forgiven

She won't succeed in what she will fail  
She wouldn't breath but she won't suffocate  
She cannot see but there in the dark  
She cannot walk, still she's on the run...

Oh...Oh...Oh...Oh...

And as the night is falling down  
Alone and nowhere to be found  
Fear is grinding all around  
Empty tears without a sound

... ..

Round and round we go...

And she thought she wouldn't see it coming...

*All I Wanna Do (is make love)*  
Words and Music by Yannis The Loner

Come the morning, like an eagle I'll fly  
Put my worries all behind...To the sky I belong...

Conversations – Empty words – Meaningless lies  
Putting ourselves in disguise – What you should know...

Just like a lightning, I'm the light beside you  
Just like a river I will flow where you roam  
Just like a hurricane, like a rock I roll  
All I wanna do is make love...  
Love to you...

Like a spider, you have caught me in your web  
Being prisoner on your bed – That's all I want...

Just like a lightning, I'm the light beside you  
Just like a river I will flow where you roam  
Just like a hurricane, like a rock I roll  
All I wanna do is make love...  
Love to you...
